If two drivers holding the same Preferred Number request that number for the same run group, the number will be assigned to the driver with the earliest request.

### III. Paddock/Parking Information

**A. PARKING/PADDOCKING** is a first-come, first-serve basis here at the Circuit. Please refer to the maps in the Driver Information Package you should have received. Basically, parking is similar to the Classic Buttonwillow track, with racers parking perpendicular to the paved roadway, with enough space to paddock the car on the pavement with parked off pavement tow rig/trailer. GRID will be on the east side of the tower, with GRID entry being from the most east, while TECH will be on the west side of the tower.

The only "off-limits" areas for parking/paddocking is in the rows next to the hot pit wall that host Grid and Tech. One thing to remember is to keep the paved roadways as open as wide as possible. Tow trucks often have to get disabled cars down the paved roads, so keeping your paddock spot limited to about a car width on the pavement and the rest in the grass/off-pavement areas is preferred.

**B. GARAGE SPACE** is nice in adverse weather conditions and garages can be reserved from the Track Office via a phone call (661) 764-5333.

**C. RV HOOKUPS:** The Circuit has many specific RV spots, with water and 30/50 AMP power. These can be reserved from the Track Office via a phone call (661) 764-5333.

#### **D. OTHER SPECIFIC PADDOCK RULES:**

- Hot Pits are **RESTRICTED AREAS**. **HOT PASSES** (and SCCA membership) **ARE REQUIRED** and will be checked by grid personnel.
- Grid and Tech/Impound are **controlled areas**; please follow the directions of Race Officials
- **Grid** is closed to through traffic at all times.
- **Closed toed shoes** are required on the grid and over the wall on pit lane
- Unless signaling a car or tending to a car in the Hot Pits, **all persons must remain behind the pit wall**.
- **Smoking is prohibited** in the Hot Pits, Tech/Impound, Grid and all buildings.
- Spectators/participants with "**PADDOCK ONLY**" passes are not allowed over the pit wall at any time. No one may stand or sit on the pit or track walls anytime cars are running, either on the track or within the Hot Pits
- **USE OF SKATEBOARDS, ROLLER SKATES AND ROLLER BLADES IS PROHIBITED**. No one may operate a motorized vehicle of any kind without a valid Driver's License.
- **PAINTING ON ASPHALT, WALLS, OR BUILDINGS** is prohibited at each track.
- **Do not use tape** on walls, including rest rooms.

## D. OTHER SPECIFIC PADDOCK RULES...CONTINUED:

- **PADDOCK ROADS:** There must be a clear and straight twenty-foot fire lane free of vehicles, awnings and equipment. Violators of this ordinance will be immediately required to clear the lane upon order of any Safety Steward or a Race Official of the club or track. Violators may also be cited and fined by County Fire or County or State Police agencies in addition to being required to move from the fire lane.
- **NO STAKES** or any other object may be driven into pavement at any track. Racing cars and other heavy objects must be supported with jack stands and such stands must have a wood, metal or other pad between it and the asphalt to distribute the weight and avoid damage to the surface. Drivers/entrants will be charged for asphalt repairs caused by improper or inadequate jack support.
- **SURFACE DAMAGE** caused by the spilling of fuel, solvent, oil or any other material may result in the track charging the driver and/or entrant for damage to the surface or required clean up. The driver's pit stall is the driver's/entrant's responsibility, not the crewmembers.
- **USED TIRES** may not be left at the tire shop or any other location within the track without the permission of the tire shop staff.
- **HAZARDOUS WASTE MATERIALS:** Any person bringing hazardous waste materials to the track must remove all such materials from the track. Whenever the track provides an official used oil dump station/fuel station, appropriate and approved fluids may be deposited. Charges and other sanctions will be assessed for violations at all tracks. Violators may also be subject to a minimum fine of \$500 per offense imposed by track management. When at The Circuit, one must use the "oil dump" at the Classic Track (behind the fuel pumps).
- **SPEED LIMIT:** There is a speed limit for all vehicles (including race cars, golf carts and two or three wheeled vehicles of any type) at each track. Speed limits are set by each track and strictly enforced by track and Club officials. All Club members and visitors are expected to identify and obey such limits. Club and track sanctions may run from warnings and fines to the violator's removal from the property depending on the severity of the offense.
- **AFTER HOURS ENTRY** at BRP is permitted. Entrance Deposit Tickets are available from the Security Guard at the gate. A refundable \$20.00 deposit per person is required (payable in cash or check). This deposit will be refunded per the instructions on the Deposit Ticket.
- **OVERNIGHT PARKING** is allowed when security is in place and appropriate credentials are in hand. RV spaces with power (30 and 50-amp breakers) and water are available for a fee at BRP. Call for reservations at 661-764-5333. NO CAMPING IS PERMITTED AFTER EVENT IS OVER WITHOUT THE WRITTEN PERMISSION OF TRACK MANAGEMENT.
- **PARKING IN PADDOCK:**
  - At BRP during dry weather: Park your support vehicles on the grass (dirt?), perpendicular to the asphalt to provide increased access for other competitors. (Please watch for and **avoid driving over sprinkler heads** while parking).
  - At BRP during wet weather or muddy conditions: **You may park support vehicles on the** Pavement if necessary. Racecars can be parked on the pavement at all tracks at all times.

- **SCALES** - The Cal Club SCALE System, utilizing larger footprint, multi load-cell scales can be used at any time. Note that things get busy during impounds after each session as many get weighed. Best to come at the beginning of another groups on-track session.
- **IMPOUND** - There will be a **mandatory Impound** after the Qualifying and Race Sessions. **NOTE** - the Race Director and Chief Steward will have a **MANDATORY DRIVER's MEETING after Saturday's Qualifying sessions** in the Tech area.

## VII. OPERATIONS

### A. **EVENT SCHEDULE:**

1. Schedule times are cars on course.
  - a. For Qualifying, the session clock starts when cars are released from Grid.
  - b. Race session clock starts when the first car crosses the Start/Finish control line after the scheduled pace lap.
2. Actual session start times may be delayed from the published schedule due to unforeseen circumstances during the event. It is the driver's responsibility to listen to the PA system and pay attention to activity on track.

- B. RUN GROUPS:** The schedule or run groups may only be changed (or start times advanced) at the discretion of the Race Director, with concurrence by the Event Chair, depending on pre-race entry counts or as needed to accommodate situations during the event.
- C. DRIVERS' MEETING:**
1. A mandatory Drivers' Meeting will be held at the end of the first Qualifying session for each group in Impound. If you exit the circuit prior to the end of session, please make sure you attend the meeting.
  2. The Race Director will consider requests for split starts at the Drivers' Meeting.
- D. CANCELLATION:** If part of an event is cancelled for reasons of safety or forces beyond our control as provided by GCR Appendix B.1.2.A., points will be awarded based on race grids.
- E. ADDITIONAL OPERATIONAL ITEMS:** Additional information pertaining to drivers can be found in the following locations of the GCR:
1. Awards: GCR 3.6.
  2. On-Track Contact: GCR 6.11.1.E (Incident investigation site): for this event, this will be in the Impound area by Tech. Please see the Race Director or Chief Steward.

## VIII. GRID PROCEDURE

- A. FIRST SESSION (SATURDAY PRACTICE):** Because of the combined Run Groups for the initial Practice, there will be no formal gridding, and no official timing recorded for the Saturday morning Practice.
- B. QUAL 1:** Starting positions will be grouped by class in order by fastest recorded track record and then by each driver's post mark/timestamp of their Entry form.
- C. RACE 1:** Starting positions for Race 1 will be determined by the fastest time recorded for each car from the preceding qualifying session(s).
- D. QUAL 2:** Starting positions for Qual 2 will be determined by the fastest time recorded for each car from the preceding qualifying or race sessions.
- E. RACE 2:** Starting positions for Race 2 race will be determined by the fastest time recorded for each car during the preceding qualifying sessions or the fastest lap during Race 1.

## IX. QUALIFYING & RACES

### A. QUALIFYING PROCEDURES:

1. For all qualifying sessions, the Clerk of the Course may elect to have Stations 1 through 5 display Double Yellow flags on the out-lap. All remaining stations will be no flag (i.e. green track conditions). These stations will drop the flag once the first car passes the Start/Finish line unless there is an incident requiring such flag condition.
2. Cars going considerably slower and/or holding up other cars may be subject to penalty. Weaving, scrubbing tires and/or impeding the progress of other drivers under green flag conditions is considered blocking and is subject to penalty. As a practical matter, this means that any car involved in a slow train utilizing the racing line is liable for impeding a faster car, even if actual impeding occurs elsewhere in the train.
